## Features:

Natural bamboo construction

Your choice of 21 upholstery colors

500 lb. (227 kg.) weight capacity

Easy set up and knockdown design is economical to ship

Custom built to your preferred height between 19-31 inches (48 - 79 cm) high. In 2 inch (5 cm) increments.

Choice of 3 padding types:

**Plush** - Our traditional 3 inch (7.6 cm) super supportive multi-density system for optimal comfort and durability comes standard.

**Aero-Cel™** - 4" of the most luxurious padding available in the market today found on our high end spa tables. Adds 1 inch (2.5 cm) to available table heights.

**Thai Massage** - Our new super supportive system designed to create a perfect balance of support and comfort for the client and the therapist.

### Beautiful Upholstery

TerraTouch™ is an Earth Friendly, premium 100% polyurethane fabric designed to last for years. Several multi-layer padding options are offered to compliment your spa offerings and insure your clients' comfort.

### Natural Bamboo Construction

Natural Bamboo legs, rails and stretchers are complemented with a high quality 5/8" top yielding a quality furniture grade treatment table.

### QuickLock™ Face Rest

The QuickLock™ adjustable Face Rest features virtually unlimited positioning through fast, simple adjustments and OAKWORKS® super comfortable face rest pad.

### Inset Shelf

The optional bamboo shelf is notched at the corners so it stays in place. The shelf is a great place to store all of your frequently used supplies and accessories such as the hot towel cabi, table warmer and sheet sets.
